

Name:
Community Service Planning Sheet

Date:

At our school, 7th and 8th Graders are required to complete 9 hours of Community Service each year. It's important to have an idea of how and when you will complete your Community Service even in September.

There are three sections to this worksheet: the top is a note box in which you should write down some ideas of what Community Service means, the middle is a note box in which you should write down some ideas of what you can possibly do. The bottom section is different: it's a vision of the future. Imagine that it's the end of May, and you're about to turn in your Community Service Sheet. Spend some time thinking about what you're really going to do this year to help other people. What do you think your Community Service Sheet might look like? It should list several activities that you might actually do. The total number of hours has to be equal to or greater than nine.

Ideas of What Community Service Means:

Ideas of What I Can Do This Year:

What do you think it might look like? It should list several activities that you might actually do. The total number of hours has to be equal to or greater than nine. (This is not your actual Community Service Sheet).
