

Session #5 Elective/Selective Worksheet: 5/22 to 6/15

Monday and Wednesday Electives:

Communication (Ms. Stahl): Learn the basics of public speaking—we'll study the different types of speaking including demonstrative, informative, and persuasive, and practice in front of the class.

Japanese Speaking (Mr. Martin): Learn colors, numbers, alphabets, introductions, family members, foods, as well as some conversation and some Japanese culture. This class is great for beginners. It's also useful review and reinforcement, along with new subjects for those who took Japanese in the third session.

Tuesday and Thursday Electives:

Sign Language (Mrs. Heike): Learn the basics of Sign Language—colors, numbers, the alphabet, and basic conversation.

Japanese Reading & Writing (Mr. Martin): We'll learn Hiragana, Katakana, and a few basic Kanji words with an emphasis on form.

Please place a check next to your choice. Choose one class for Monday/Wednesday, and one for Tuesday/Thursday.
